Francis x 7 Espresso Machine and Coffee plus 2 cans of iper Espresso (1 Regular; 1 Decaf) – Critics rave over the elegant design and one-touch convenience of the X7. Designed to work exclusively with Illy iperEspresso capsules, the striking Francis X7 makes café-quality espresso. Unlike conventional one-stage systems, the iperEspresso method uses an innovative, patented two-stage process to create intensely aromatic, full-bodied espresso with rich, velvety cream that lasts and lasts. And because extraction takes place entirely inside the capsule, the coffee and machine never come in contact making for easy clean up.
